The distribution of the participants (bib numbers order) through the starting boxes is done in order of confirmation of the registration

Art.27 - Athletes must strictly comply with the time, including the time of departure, ensuring that they start before the sweeper car. Who doesn't respect this rule of proof will be participating at his own risk, out of the organization's control and responsibility.

Closing Time of the Start Checkpoint (km 0) - 09:10 h

Art.28 - The event will take place on CONDITIONED ROADS. However all participants must strictly comply with traffic rules contained in the Portuguese Road Code, with particular attention to the requirement to keep the right side of the road and observe the rules of priority at junctions. Any person who does not respect these rules will be immediately expelled from the event and will be barred from participating in subsequent editions of the event. Each participant is required to read and sign a statement provided by the organization which declares to know and take the risks inherent to participation in a competition open to traffic. In this statement the athlete precludes the organization responsibility for any accident derived from their participation in the event. However the participants are covered by the event insurance.

Art.29 - In order to provide the concept of "everybody rides on his own pace" in all the course, the organization's vehicles will follow in front of the Event with an appropriate speed to not interfere with the pace of the participants. However, if necessary, the vehicles of the organization may restrict the speed of the participants. In these situations the participants cannot surpass the organization's cars circulating in front. Athletes who violate this rule are out of the safety system of the event, following at their own risk.

Art.30 - Assistance provided to athletes by support vehicles outside the organization is strictly prohibited. It is also prohibited for vehicles to accompany the cyclists during the event. Information will be provided by the organization about the places recommended for caregivers to assist the transition and provide support to athletes. Security forces (Police) are present to prevent movement of support vehicles in the middle of cyclists in

the Event, ensuring compliance with the code of the road.

Art.31 - The control of the event will be made by security forces, composed of elements of the GNR (National Republican Guard), corporations belonging to the territory and the traffic Corp, which will ensure compliance with traffic rules by all those involved in the event and other vehicles on the road.

Art.32 - The athletes in the competition should ensure the transport of food and fluid replacement for their own food and hydration. However, the organization will assemble recovering stations, identified before the event, which will dispense some food and drinks.

Art.33 - For safety, it is forbidden for participants to use headphones as an accessory device for listening to music or using the phone during the event.

Art.34 - During the event, the participant is obliged to carry a mobile phone with the number provided on the registration form, an identity card and money if he wants to benefit from the availability of replacement parts in mechanical assistance during the event. In case of bad weather conditions, the organization may compel participants to use or transport some equipment, such as thermal blankets or windstop and waterproof clothes.

Art.35 - The organization has the right to make changes on the course and other dynamic of the event when justified for any reason, without having to compensate participants.

TIME KEEPING

Art.36 - The time control of each athlete will be carried out electronically, with chips. The use of the chip is mandatory, the athlete must meet the rules for its correct positioning and use. Improper use of the chip or non-use participation of an athlete does not show in the registration of its passage through the timing controls stipulated by the organization, causing the disqualification, with the consequent absence of the final list of times and the loss of his or her proof of participation. Check points, where times will be recorded, will be located in the arrival and departure and other points along the Event route.

Art.37 - The chip must be in the right position on the backside of the frontal identification number for the bike.

Art.38 - The organization can not be held responsible for errors or failures of the chip chrono system, either by improper use by the participant, or for any other reason.

Art.39 - From the time keeping of the times of each participant, and for each of the three distances, result time tables sorted according to the different classes:

Male Athletes

- Sprint Challenge
- Youth Award (sub-26)

At the 50k distance only one time table is prepared for:

- The total race time.

TIME LIMITS

Art.40 - In order to ensure the integrity and safety of the athletes, there are race control points, where time limits will be stipulated.

As a basis for calculating the time limit at these points, it will be the average that the athletes have to fulfil to reach the finish line before the closing time (15:45 h), also considering other factors such as the profile of the course in the various sectors of the course.

The athletes that arrive to these time control points after the stipulated time limit for each control, will be forced to abandon the race, being picked up by the organization's "broom" vehicle to the finish line area.

The controls locations and passing time limits (controls closing) will be communicated to the participants before the start of the race.

The participants who choose to ride by their own means must hand in their bike plate with their participant number to the time control or to another element of the organisation, ceasing to be framed by the race organisation and assuming at their own risk their destiny from that moment on.

Art.41 - Athletes who drop out during the event must address the organization's members, in person or by phone, announcing their withdrawal. Upon determining the absence of an athlete, rescue services will be advised. Any person who didn't announce his or her withdrawal can be charged for the costs of the search and rescue. In addition will be punished with a ban from participating in later editions of the event.

MEDICAL ASSISTANCE

Art.42 - The organization shall have a medical monitoring of the event, with several mobile medical teams and ambulances. If necessary participants must apply for help to organizational elements that trigger the necessary means of assistance.

Art.43 - Athletes who have suffered an accident during the event and needed emergency or medical services, should within three days after the event's day, participate the accident the Portuguese Cycling Federation by email to sinistros@portinsurance.pt. This participation of the accident is critical to ensure the coverage of the damage.

MECANICAL ASSISTANCE

Art.44 - The organization shall have mechanical assistance along the route to try to solve mechanical problems. In case of failure, the hand labor is free, however the replacement parts will be charged to athletes who need them. Participants must carry some money during the event to pay these costs. If the participant does not have enough money to cover the costs, must sign a debit note that will be passed by the mechanic assistant. This debit note should be paid in the end of the course, at the registration office. The repair of punctures is excluded from the interventions provided by the mechanical support. The mechanical assistance will consist of fixed and dynamic teams that will circulate along the course. Because of the event's dynamic this service may not ensure assistance to all participants. However the existence of this mechanical assistance, the participants must properly prepare their bikes, making sure they are in the best condition in the beginning of the event. The organization can never be blamed for the abandonment of an athlete caused by mechanical problems.

TROPHIES

Art.45 - Trophies

Art.45.1 - Diplomas

In each of the three distances, all participants who cross the finish line within the stipulated time, will be awarded a diploma*, with the total time of the race and their classification by category.
